The following report is a summary of services provided by GE Healthcare and contains a holistic view of the **services delivered** aka jobs performed – both scheduled & unscheduled; **IB coverage & uptime** information; upcoming **contractual renewals** as well as our **experts' recommendations** on relevant system health drivers including but not restricted to environmental conditions like PGTH, system connectivity etc.

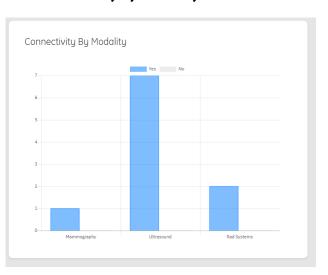

## **Your GE Install Base**

This section provides an overview of all your GE Assets by modality & facility (if applicable). It also gives you a high level as well as detail view of your IB's coverage entitlement as well as current connectivity status.

### **IB & Entitlement by Modality**

### **Connectivity by Modality**

Mammography - 1

Mammography - 7

Rad Systems -2

## **GE** Recommendation

A comprehensive contract package including the 2-ultrasound machine which are not yet under any coverage.

Considering that the CT & Vascular systems are connected; we strongly encourage CVSKL to **connect all their other imaging & U/S equipment**. We are happy to assist you in this process.

## **Service Delivery - Corrective Jobs**

#### Initial asset availability

#### # of Jobs

**Time to Repair** 

0

Hours on Average (Hard Down Jobs)

**Uptime** 

99%

Average Uptime across entitled systems

## **Vascular Technical Assessment**

Our technical team recently conducted a comprehensive health check on all the vascular systems.

Here is a summary of the findings and recommendations. Detailed reports are attached in the appendix.

| System               | Findings | Actions | Recommendations |
|----------------------|----------|---------|-----------------|
| UNDER<br>DEVELOPMENT |          |         |                 |
| UNDER<br>DEVELOPMENT |          |         |                 |
| UNDER<br>DEVELOPMENT |          |         |                 |

## **Service Delivery - Planned Jobs**

### Planned Maintenance (Completed & Upcoming)

All due PMs for the quarter have been completed. Schedule for upcoming PMs is tentative. Our customer support center will reach out to you to plan the jobs at your convenience.

**FMIs** 

All field modifications have been completed on time.

## **GE** Recommendation

Following the detailed Health Check, GE will be placing an onsite FE at CVSKL to ensure regular monitoring & timely support for any new issues. Post office hours, we recommend that CVSKL contact the GE Customer Support Center to ensure timely action for any issues.

## **Other Information**

**Upcoming Warranty Expiry** 

**Upcoming Contract Renewals** 

(Next 3 months)
